Projects

Loyalty Dashboard(Web App)

Database: SQLite, MySQL, JSON
DB Tools: SQL Alchemy ORM,
Flask-Migrate
Authentication, Session Based,
OAuth
Flask web framework

Enterprise Loyalty

Enduring Connection,
Trustworthy Foundation,
Personalized Experiences,
Rewards and Coupons,
Easy to maintain, Graph
summary, custom report, Tiers
and monthly target are main
features of this windows app.

Database: SQLite, JSON
UI-
Tkinter, ttkboostrap Based,
SQLite Login auth
Customtkinter,Tk table ,
datetime ,os , etc.
Backend –Python ,SQLite, Etc.

Chrome Notes Extension
•Ad-free
•Works offline
•Very small (less than 0.1mb)

Chrome Notes remembers your
notes and mode, even after
closing chrome or restarting your
computer!

expense tracker Advance

Database: SQLite, MySQL, JSON
DB Tools: SQL Alchemy ORM, Flask-
Migrate
Authentication, Session Based, OAuth
Flask web framework
Front-end:
Html,Css,Js,Boostrap,Boostrap5,Material Ui, more

Accounting Report Software
This software is exactly clone
of tally except E-Way bills, by
this software you can manage
all accounting and expense on
daily bases. If you want to use
in commercial use or
customize you can contact me

Database: SQLite, JSON
UI-
Tkinter, ttkboostrap Based,
SQLite Login auth
Customtkinter,Tk table ,
datetime ,os , etc.
Backend –Python ,SQLite, Etc.

Encryption Decryption Tool
Technology Used-
Bash Script(shell scripting) ,
Python Scription, OOP , Data
Structure, Hashing , Python Core
and its Library.

(This software/ program used to
encrypt and decrypt any time of
file)
This cab be use for educational.
(Only Linux will be supported)

Loyalty program Web App (Hosted)

GUI – Html, CSS, JS, Bootstrap
Backend – Flask, Python ,SQLite

REST API (For Student Practice)

Software Developer

✉ Cover Letter

Hiring Team

Dear Sir / Ma'am

I am writing to express my interest in the Python Developer/software developer/backend developer position at this organization, as advertised on your company's website/LinkedIn. With two years of hands-on experience in Python development, coupled with a strong educational background, I am confident in my ability to contribute effectively to your team and help drive the success of your projects.

In my previous role at ENSOWT, I played a key role in developing and maintaining Software. My responsibilities included analyzing user requirements, designing and implementing scalable solutions, and ensuring the performance.

My technical skills include proficiency in Python, Flask, SQLite , Mongo db. , MySQL , Bootstrap, and more. I have a solid understanding of software development best, version control, I am adept at troubleshooting, debugging, so that enhance application performance and stability.

Enclosed is my resume, which provides further details about my professional background and accomplishments. I would welcome the opportunity to discuss how my skills and experiences align with the needs of your organization.

I look forward to the possibility of discussing how my skills and experiences align with the needs of Vita Green. Thank you for considering my application. I am excited about the opportunity to contribute to the success of your team and am available at your earliest convenience for an interview.

I can be reached at **6388574919** or **sanjayyadav11210@gmail.com**.

Thank you for your consideration.

Yours Sincerely,

Sanjayyada
